

Amendments to the Specification:

Examiner has not entered the clean copy of the substitute specification filed September 22, 2005 because a marked-up copy of the substitute specification was not supplied along with the clean copy. Applicant has provided herein a marked-up version the originally submitted specification, with markings to indicate the changes requested in the preliminary amendment of September 22, 2005, as well as a correction of the informality required in the 08/19/2008 Office Communication. A clean substitute specification incorporating all of these changes has also been provided herein, therein incorporating the changes of the September 22, 2005 preliminary amendment, as well as the current informality correction. Please replace the specification with the attached substitute specification. No New Matter has been added through these amendments.
